

Geeta Nargund

Geeta Nargund is the Head of Reproductive Medicine at St George's Hospital, London. She is also the Medical Director of the Centre for Reproduction and Advanced Technology (www.createhealth.org) UK. She has published extensively in the field of assisted conception and advanced ultrasound in reproductive medicine.

She has published more than 50 peer-reviewed scientific papers and abstracts including several book chapters on assisted reproduction technology (ART). She has been an invited speaker and Chairman at more than 100 international scientific meetings. She is the President of the International Society for Mild Approaches in Assisted Reproduction (ISMAAR) (www.ismaar.org).

She is the current the Co-Chair of the ESHRE joint Special Task Force on "Infertility in developing countries and Mild ART". She has worked as a member of the Expert Committee on terminology in infertility for the World Health Organisation (WHO).

She is a Visiting Professor at St Marco University Lima, Peru and SDM Medical College, India. She is passionate about prevention of infertility & making assisted conception treatments more physiological, safer and affordable globally.

She is the Founder & Chief Executive of the UK national charity, Health Education Research (HER) Trust (www.hertrust.org). Through this charity, she conducts public education programmes on Women's Health.

She has been a Senior Governor of Primary & Secondary State Schools in Merton, South London.

She has been actively involved in National & International Charities promoting Education, Women's development, Equality and Diversity and Social mobility in the last 15 years.
